

VILLAGE OF BARONS

Reference: Council Meeting	Adopted By: Resolution	Number: 055
Prepared By: Laurie Beck	Date: September 10, 2019	Supersedes: 041

POLICY

Title: Water Rates for Farm Users

Policy Statement *

That farm users be charged the farm rate of \$97.00 bi-monthly for water supplied from the Village of Barons and that the farm users be charged \$5.00 for every 4.55 cubic meters used over the base rate of 18.18 cubic meters.

The Purpose of This Policy is to:

Ensure that water users outside the Village boundaries properly recompense the Village for the added effort of supplying them with water.

Definitions: “Water” shall mean treated water supplied by the Village of Barons.

Responsibilities: The Village shall ensure that there is a supply of water sufficient for household use available to farm users except when such service must be shut off due to an emergency or for repairs to the water distribution system.

Procedures:

** This policy is subject to any specific provisions of the Municipal Government Act, the Local Authorities Board Act or other relevant legislation.
